Certificate of Analysis

Product Name: FDP Assay Kit - Orig:USA Expiration Date: 11/30/2013
Product Number: 100650 Storage: 2 - 8°C

Lot Number: 260752

1 μg/mL Fibrinogen

Description	Lot Number	Expiration Date
Latex Reagent	223883	2013-11-30
Positive Control	227368	2014-08-31
Negative Control	194385	2013-12-31
Sample Collection Tubes	201416	2014-03-31
Glycine Buffered Saline	182909	2014-04-30
Specification	Specification Limit	Result
Positive Control **(using dropper)	3+ to 4+	4+
Negative Control**(using dropper)	Negative	Negative

1+ to 3+

For in-vitro diagnostic use.

Latex Reagent: 1 x 5 mL Positive Control: 1 x 2 mL Negative Control: 1 x 2 mL Sample Collection Tubes: 30 Tubes Glycine Buffered Saline: 1 x 100 mL

Slides: 10 Stir Sticks: 100 Plastic Pipettes: 30

This kit contains bovine-sourced material.

Each unit of source material used in the preparation of the Positive Control has been tested by an FDA approved method and found nonreactive for the presence of Hepatitis B surface antigen (HBsAg) and negative for antibodies to HIV and HCV. However, no known test can offer assurance that products derived from human blood will not transmit hepatitis or other infectious disease. This product, like all materials of human origin, should be handled as potentially infectious biological material.
